PT KREASI MEDIKA NUSANTARA

PROVIDE HEALTH FACILITY AND MEDICAL DEVICE

BUSINESS

Hospital Electricity

Hospital Mechanics

Hospital Ecology

PRODUCT

SPARCX

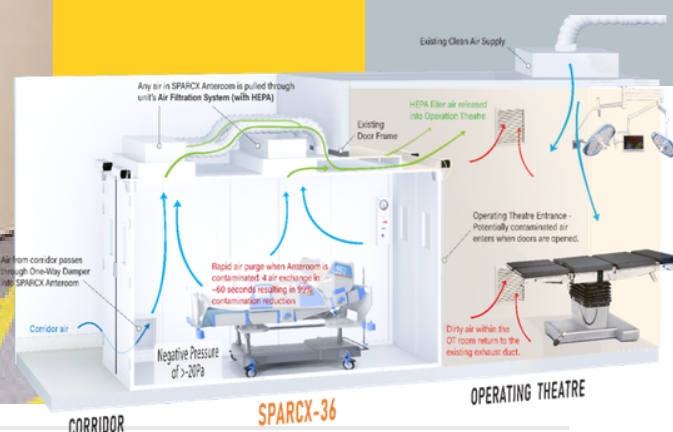

SPARCX™ is an innovative system that can instantly upgrade critical hospital infrastructure such as Operating Rooms & ICUs with clinically proven isolation. The patented air cleaning feature provides safer isolation and costs less than half standards with zero downtime.

The need to upgrade existing operating room facilities usually arises when a hospital needs to handle patients who have to undergo major surgery, because the existing hospital infrastructure such as ICU and OT rooms are not suitable for infectious patients due to positive pressure rooms.

INTERNATIONAL STANDARD HEALTHCARE PRODUCT

WE PROVIDE

STANDARDS BODY

PT KREASI MEDIKA NUSANTARA

PROVIDE HEALTH FACILITY AND MEDICAL DEVICE

MORE THAN A PRODUCT - A COMPLETE HOSPITAL SOLUTION

Beyond delivering advanced healthcare products such as SPARCX™, we provide value-added services designed to help hospitals make confident, well-informed decisions and ensure smooth implementation.

OUR SERVICES INCLUDE :

POWER QUALITY ASSESSMENT

We evaluate and analyze the electrical power quality within hospital facilities to ensure stable, safe, and compliant power supply for critical medical equipment, operating rooms, and ICU environments.

TECHNICAL WALKTHROUGH ASSESSMENT

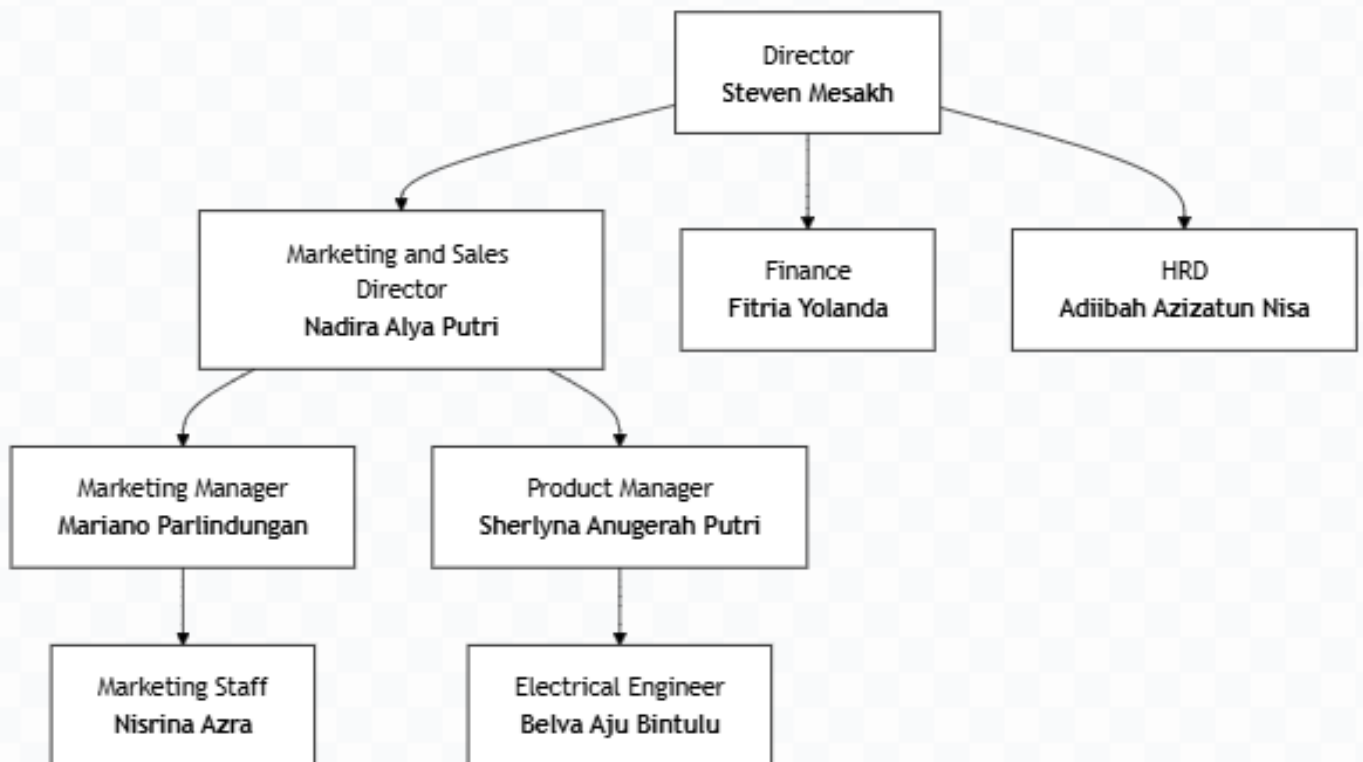

Our experts conduct on-site walkthroughs to assess existing infrastructure, workflows, and potential risks, ensuring the proposed solution is fully aligned with clinical operations and regulatory requirements.

By offering both products and expert assessments, we reduce uncertainty, shorten decision cycles, and ensure that every investment delivers maximum safety, efficiency, and long-term value.
